MEMORANDUM

2 January 1947

TO : C []
SUBJECT : Attached Kilkenny Report

1. Attached please find a report by Kilkenny, subject Catholic Press in Germany. As you can see from this correspondence, Bishop Muench intends to present his problem to Ambassador Murphy. It is our thought, however, that if you could approach Don Heath on a personal basis, it would at least indicate to Bishop Muench that Kilkenny had not merely pigeon-holed his report. We are naturally in no position to judge the merits of the conflicting arguments presented on this subject and do not propose that you even request that the paper allotment to the Catholic press be enlarged. In effect, what we want to do is to appear to be taking an active interest in the problem without overstepping our authority. It is needless to point out that Kilkenny's prestige will be enhanced if the pertinent authorities in Berlin do, in fact, decide to increase said allotment.
